About YPO

Young Presidents' Organization is a global network of young chief executives that connects 17,000 peers and their families in 100 countries to address the challenges leaders face today. Guided by the mission of building Better Leaders Through Education and Idea Exchange™, members have access to unique experiences, world-class resources, alliances with top learning institutions, and specialized Networks that help enhance their business, community and personal leadership.

YPO was founded in 1950 by manufacturer Ray Hickok, who inherited his family's company that had 300 employees. He and other young presidents began meeting regularly as a way to become better leaders by learning from each other. This founding principle still guides the organization today.

YPO members "graduate" at the age of 50, so in 1970, 200 former members founded a graduate group, now called World Presidents' Organization, to sustain the exchange of ideas that they began in YPO.

In July 2007, YPO and WPO merged to form a single global network, enhancing the membership experience for both organizations. In aggregate, the companies run by YPO and WPO members employ more than 19 million people and generate US\$4.3 trillion in annual revenue.

There are more than 1,750 active members in 18 YPO and 12 WPO chapters in the Western United States.

Almost 300 past and present members of YPO Rocky Mountain celebrate the chapter's 50th anniversary.

"Over the past 12 years, YPO has become an extremely important part of my life. I believe YPO has developed a unique formula to provide CEO peers with an environment to share ideas, resources and experiences in a life-enriching way."
– Rocky Mountain YPOer

Members graduate to WPO at the age of 50, and can remain in WPO for the rest of their lives, continuing to enjoy all the benefits of YPO. The combined legal entity, Young Presidents' Organization, Inc., is a not-for-profit organization managed by professional management teams located around the world and led by a chief executive officer.

Education

The YPO and WPO experience centers on education and idea exchange. Chapters bring members together to discover new insights into many topics, ranging from geopolitical and business to personal and community issues. The organization offers seminars and industry roundtables, bringing together members from many different countries to examine specific industry trends and best practices. International conference calls allow members to learn from world-class experts in the comfort of their home or office. Events are a stimulating blend of educational and social opportunities. Alliances with leading higher-learning institutions, including Harvard Business School, Stanford Business School, London Business School, INSEAD and more, provide exclusive access to the world's top experts in business and leadership.

Forums

Forums are groups of eight to 10 members who meet as peers on a regular basis in an atmosphere of confidentiality, trust and openness to share in each other's business, family and personal experiences. Every day, members connect and exchange powerful ideas and deep experiences through Forum. For this reason, Forum has grown to include Spouse Forums, Network Forums, Young Adult Forums (ages 18 and up), Couples Forums, Family Forums and International/Regional Forums.

Networks

Personal Networks allow members to connect globally around topics of personal interest including Wine, Golf, Photography, Personal Investing and Art.
